INDEPENDENT AUDITORS' REPORT

Chairman and Members of the Fulton County Board Fulton County, Illinois

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of Fulton County, Illinois (County) as of and for the year ended November 30, 2019, and the related notes to the financial statements, which collectively comprise the County's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of Fulton County, Illinois as of November 30, 2019, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the pension and other postemployment benefit information and budgetary comparison information on pages 34 through 51 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance. The County has omitted the management's discussion and analysis that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Fulton County, Illinois' basic financial statements. The other supplementary information as listed in the table of contents are presented for purposes of additional analysis and are not a required part of the financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by Title 2 U.S. Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, and is also not a required part of the financial statements. The other supplementary information and the schedule of expenditures of federal awards are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the financial statements taken as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with Government Auditing Standards, we have also issued our report dated June 12, 2020, on our consideration of the Fulton County, Illinois' internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. The report is an integral part of an audit performed in accordance with Government Auditing Standards in considering Fulton County, Illinois' internal control over financial reporting and compliance.

RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES

FOR THE YEAR ENDED NOVEMBER 30, 2019

Amounts reported for governmental activities in the statement of activities are different because:

Net change in fund balances - total governmental funds	\$ 1,417,909
Proceeds from the issuance of debt principal are recorded as other financing sources in the governmental funds, but increases long-term liabilities in the Statement of Net Position.	(140,000)
Repayment of debt principal is an expenditure in the governmental funds, but the repayment reduces long-term debt liabilities in the Statement of Net Position.	159,430
Capital outlay is an expenditure in the Governmental Funds, but are capitalized and depreciated in the Statement of Activities.	501,525
Net effect of various miscellaneous transactions involving capital assets (i.e. sales, trade-ins, transfers, and donations) is to decrease net position.	(16,218)
Some expenses in the statement of activities do not require the use of current financial	
resources and, therefore, are not reported as expenditures in governmental funds:	
Compensated absences	(15,639)
Net pension obligation	8,487,817
Other postemployment benefits	(1,230,513)
Depreciation expense	(672,131)
Deferred pension expense	(8,656,380)
Deferred OPEB expense	324,500
Internal service funds are used by management to charge the costs of employee health insurance	
to individual funds. The net expense of certain activities of internal service funds is	
reported with governmental activities.	88,529
CHANGE IN NET POSITIONS OF GOVERNMENTAL ACTIVITIES	\$ 248,829

FULTON COUNTY, ILLINOIS NOTES TO BASIC FINANCIAL STATEMENTS NOVEMBER 30, 2019

Note (1) Summary Of Accounting Policies

Fulton County is a governmental entity located in Central Illinois. Revenues are substantially generated as a result of taxes assessed and allocated to Fulton County (examples would be property taxes, sales taxes, income taxes, and motor fuel taxes) and charges for services performed for constituents of the County. Fulton County revenues are therefore primarily dependent on the economy within its territorial boundaries. Industry within the County is primarily agriculture, manufacturing, and retail.

The financial statements of Fulton County, Illinois are prepared in accordance with generally accepted accounting principles (GAAP). The Governmental Accounting Standards Board (GASB) is responsible for establishing GAAP for state and local governments through its pronouncements (Statements and Interpretations). Governments are also required to follow the pronouncements of the Financial Accounting Standards Board (FASB) issued through June 30, 1989 (when applicable) that do not conflict with or contradict GASB pronouncements. The more significant accounting and reporting policies used by the County are discussed below.

Reporting Entity

The County's financial reporting entity is composed of the following:

Primary Government Fulton County, Illinois

Discretely Presented Component Unit Emergency Telephone System Board

Discretely Presented Component Unit

Discretely presented component units are separate legal entities that the County is financially accountable for but does not have the same or substantially the same governing body as the County Board nor does it provide services exclusively to the County.

The component unit columns in the government-wide financial statements include the financial data of the County's component unit, the Emergency Telephone Systems Board. The Fulton County Board Chairman with the advice and consent of the Fulton County Board appoints board members (not to exceed 11) to the Emergency Telephone Systems Board of Fulton County. The members of the Fulton County Emergency Telephone Systems Board are then responsible for planning the 911 emergency system, receiving monies imposed under an established surcharge, and authorizing disbursements. The geographic area served by the Fulton County Emergency Telephone Systems Board is the same as Fulton County. The treasurer of Fulton County maintains the funds and invests or disburses them at the direction of the Emergency Telephone Systems Board of Fulton County. Separate financial statements are not prepared for the Emergency Telephone Systems Board. The Emergency Telephone System Board is located at 134 W. Lincoln Ave., Lewistown, Illinois 61542.

Other Noncomponent Unit Entities

Additionally, the County Board Chairman and County Board make appointments to the governing boards of a number of fire protection, drainage, public water, and sanitary districts. Even though the County Board may appoint a majority of the members of the respective districts, the members do not serve at the discretion of the County Board, that is, they can be removed only for cause. There are no indications that the County Board can impose its will over these districts and therefore no financial accountability. These units are not considered component units of Fulton County, Illinois.

Basis of Presentation

The basic financial statements include both government-wide and fund financial statements.

Note (1) Summary Of Accounting Policies (Continued)

Basis of Presentation (Continued)

Government-wide Financial Statements

Government-wide statements focus on the County as a whole, and primary activities are categorized as either governmental or business-type. Even though the government-wide statements focus on the County as a whole, fiduciary funds are not included in the government-wide statements. Governmental activities are generally financed through taxes, intergovernmental revenues, and other non-exchange revenues. Business-type activities are financed in whole or in part by fees charged to external parties for goods or services. In the government-wide Statement of Net Position, both the governmental and business-type activities columns are presented on a consolidated basis by column, and are reported on a full accrual, economic resource basis.

The Statement of Activities presents a comparison between direct expenses and program revenues for the business-type activities of the County and for each function of the County's governmental activities. Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function. Program revenues include (a) fees, fines, and charges paid by the recipients of goods and services offered by the programs and (b) grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues, including all taxes, are presented as general revenues.

Fund Financial Statements

The fund financial statements provide information about the County's funds, including its fiduciary funds. Separate statements for each fund category - governmental, proprietary, and fiduciary - are presented. The emphasis of fund financial statements is on major governmental and enterprise funds, each displayed in a separate column. All remaining governmental and enterprise funds are aggregated and reported as nonmajor funds. Major funds are determined based on criteria established by GASB No. 34.

Proprietary fund operating revenues, such as charges for services, result from exchange transactions associated with the principal activity of the fund. Exchange transactions are those in which each party receives and gives up essentially equal values. Nonoperating revenues, such as subsidies and investment earnings, result from nonexchange transactions or ancillary activities.

The County has the following major governmental funds:

General Fund

The General Fund is the government's primary operating fund. It is used for all financial resources of the general government, except those required to be accounted for in another fund. The Working Cash account is also grouped with the General Fund for GASB No. 54 purposes. The Working Cash Fund provides monies which may be transferred for the general corporate purposes with which to meet ordinary and necessary disbursements for salaries and other corporate purposes in anticipation of the collection of any taxes levied or of fees to be earned by the County Clerk and County Collector for extending and collecting taxes. These monies are considered to be a temporary loan which must be repaid before the end of each fiscal year.

County Health Fund

The County Health Fund accounts for the operations of the County Health Department. The basic purpose of the Department is the protection and improvement of the public health in the County. The Tuberculosis Fund is grouped with the County Health Fund as required by the State. The County Health Department provides the tuberculosis services. All reimbursements between the funds are eliminated for reporting purposing. Financing is primarily provided by a specific annual property tax levy and operating grants from the State of Illinois.

Illinois Municipal Retirement Fund

The Illinois Municipal Retirement Fund accounts for the activities resulting from the County's participation in the Illinois Municipal Retirement Fund. Financing is provided by a specific annual property tax levy.

Note (1) <u>Summary Of Accounting Policies</u> (Continued)

Basis of Presentation (Continued)

Additional governmental fund types which are combined as nonmajor funds are as follows:

Special Revenue Funds

The Special Revenue Funds are utilized to account for revenues derived from specific sources which are usually required by law or regulation to be accounted for in separate funds.

Debt Service Fund

The Debt Service Fund is utilized to account for the accumulation of resources for, and the payment of, general long-term debt principal, interest, and related costs.

Proprietary Funds

The County has the following Proprietary Funds:

Enterprise Funds

Enterprise Funds are used to account for operations (a) that are financed and operated in a manner similar to private business enterprises – where the intent of the governing body is that the costs (expenses, including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges; or (b) where the governing body has decided that periodic determination of revenue earned, expense incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability, or other purposes.

The County reports the Clayberg Nursing Center as a major proprietary fund. The Clayberg Nursing Center Fund accounts for the operation of the County nursing home.

The County reports the Camping and Recreation Fund as a nonmajor proprietary fund. The Camping and Recreation Fund accounts for the County's camping and recreation operations.

Internal Service Fund

The Internal Service Fund is used to account for the financing of the County's health care plan which provides services to other departments on a cost-reimbursement basis.

Fiduciary Funds

The County has the following Fiduciary Funds:

Private Purpose Trust Funds

These funds report principal and income which benefits individuals, private organizations or other governments. Private Purpose Trust Funds include the Township Motor Fuel Tax Fund and the Township Bridge Program Fund.

Agency Funds

These funds account for assets received and held by the County in a trustee or custodial capacity for other governments. Agency funds are custodial in nature (assets equal liabilities) and do not involve measurement of results of operations.

Basis of Accounting

Basis of accounting refers to the point at which revenues or expenditures/expenses are recognized in the accounts and reported in the financial statements. It relates to the timing of the measurements made regardless of the measurement focus applied.

Note (1) Summary Of Accounting Policies (Continued)

Basis of Accounting (Continued)

Accrual

The government-wide financial statements are reported using the economic resources measurement focus and the full accrual basis of accounting. The proprietary, internal service and agency funds are accounted for using the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied for budgetary purposes. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Modified Accrual

The governmental funds financial statements are presented on the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recorded when susceptible to accrual; i.e., both measurable and available. Available means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. For this purpose, the County considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures are generally recognized under the modified basis of accounting when the liability is incurred. The exception to this general rule is that debt service expenditures and expenditures related to compensated absences are recognized when due.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amount of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expense during the reporting period. Actual results could differ from those estimates. A material estimate that is particularly susceptible to significant change in the near term relates to the determination of the estimated liability for other postemployment benefits.

Cash and Cash Equivalents

The County has defined cash and cash equivalents to include cash on hand and demand deposits. For the purpose of the statements of cash flows, all highly liquid assets with a maturity of three months or less are considered to be cash equivalents. At November 30, 2019, no investments qualified as cash equivalents.

Investments

Investments, which consist primarily of certificates of deposit, are stated at cost, which approximates fair value.

Accounts Receivable

Accounts receivable in the governmental funds, internal service fund, and the discretely presented component unit are reported at gross with no allowance for uncollectibles since the amount of any uncollectible accounts is considered immaterial by management.

Inventories

Inventories are valued at cost using the first-in, first-out (FIFO) method. Inventories of governmental funds are recorded as expenditures when consumed rather than when purchased.

Prepaid Items

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both government-wide and proprietary fund financial statements.

Interfund Activity

Interfund receivables/payables are reported on the fund financial statements in full and are not netted against each other. However, on the government-wide financial statements the interfund receivables/payables are netted against each other and any residual balance is reported on its respective due to other funds or due from other funds line. Interfund revenue and expenses are eliminated in the government-wide statement of activities.

Note (1) Summary Of Accounting Policies (Continued)

Capital Assets

Capital assets, which include property, buildings, equipment, and infrastructure assets (e.g. roads, bridges, sidewalks, and similar items), are reported in the County's government-wide financial statements. Capital assets are defined by the County as assets with an initial, individual cost of more than \$50,000 for infrastructure assets and \$5,000 for non-infrastructure assets, as well as an estimated useful life in excess of two years. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of the donation. The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized. Major outlays for capital assets and improvements are capitalized as projects are constructed. General infrastructure assets acquired before December 1, 1979 have not been reported.

Capital assets of the primary government are depreciated using the straight-line method over the estimated useful lives of the assets which range from 3 to 75 years.

Accumulated Unpaid Vacation, Sick Pay, and Other Employee Benefit Amounts

Vacation and sick leave is earned and accrued by employees in varying amounts depending on length of service. County Health Department employees are allowed to accumulate up to 25 vacation days. Employees in the Sheriff's Department, Circuit Clerk's office, and other courthouse employees must use their vacation time within 24 months after the anniversary date on which such vacation time was earned. Employees in the Highway Department must use their vacation time within 12 months after the anniversary date on which such vacation time was earned. Health Department employees are paid for unused sick days at a rate of 25 percent of the available days. Employees in the Sheriff's Department, Highway Department, Circuit Clerk's office, and other courthouse employees can accumulate up to 42 sick days. At the end of each year, any employee who has accumulated more than thirty days will be compensated for one-half of the days accumulated in excess of thirty days. At resignation, layoff, or retirement, accumulated sick days are paid at the rate of one-half day's pay for each of the accumulated sick leave days. An estimated liability has been recorded in the government-wide financial statements for unpaid vacation and sick days in the above listed departments.

Accumulated unpaid vacation and sick pay for the Clayberg Nursing Center Fund are accrued in the government-wide and proprietary fund financial statements. Clayberg employees earn 10 vacation days per year after completing one year of employment, 15 days per year after completing five years of employment, and 20 days per year after completing ten years of employment. Unused vacation time in the year of termination is paid out to the employee. However, unused vacation days are not to be carried over from one anniversary year to another unless an exception is granted by the administrator.

Employees at the Clayberg Nursing Center can accumulate up to 42 sick days. At the end of each year, any employee who has accumulated more than thirty days will be compensated for one-half of the days accumulated in excess of thirty days. Accumulated sick days are paid at the rate of one-half day's pay for each of the accumulated sick leave days.

Long-Term Obligations

In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the statement of net position.

In the fund financial statements, governmental fund types report the face amount of the debt issued as other financing sources and debt repayments as debt service expenditures.

Deferred Outflows/Inflows of Resources

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, *Deferred Outflows of Resources*, represents a consumption of net position that applies to a future period and so will not be recognized as an expense or expenditure until then. In addition to liabilities, the statement of financial position can also report a separate section for deferred inflows of resources. This separate financial statement element, *Deferred Inflows of Resources*, represents the acquisition of net position that applies to a future period and so will not be recognized as revenue until then. The County has two items that meet the criterion for this category: property taxes receivable and pension expense.

Note (1) <u>Summary Of Accounting Policies</u> (Continued)

Net Position and Fund Equity

In the government-wide financial statements, net position is reported in three categories: invested in capital assets, net of related debt, restricted net position, and unrestricted net position. Net position invested in capital assets, net of related debt represents capital assets less accumulated depreciation less outstanding principal of related debt. Restricted net position represents net position restricted by parties outside of the County (such as grantors, laws, and regulations of other governments). All other net position is considered unrestricted.

In the fund financial statements, fund balance for governmental funds is reported according to GASB No. 54, Fund Balance Reporting and Governmental Fund Type Definitions. This Statement enhances the usefulness of the fund balance information by providing clearer fund balance classifications and clarifying the existing governmental fund type definitions. The following fund balance classifications describe the relative strength of the spending constraints placed on the purposes for which resources can be used:

Nonspendable Fund Balance

Fund balance amounts that are not in a spendable form or are legally or contractually required to be maintained intact.

Restricted Fund Balance

Fund balance amounts constrained to specific purposes by their providers (such as grantors and higher levels of government), through constitutional provisions, or by enabling legislation (such as tax levy).

Committed Fund Balance

Fund balance amounts constrained to specific purposes by a government itself, using its highest level of decision-making authority. To be reported as committed, amounts cannot be used for any other purpose unless the government takes the same highest level action to remove or change the constraint.

Assigned Fund Balance

Fund balance amounts a government intends to use for a specific purpose. The intent can be expressed by the governing body or by an official or body to which the governing body delegates the authority.

Unassigned Fund Balance

Fund balance amounts that are available for any purpose.

The County establishes (and modifies or rescinds) fund balance commitments and assignments by passage of an ordinance or resolution. This is typically done through adoption and amendment of the budget.

The County considers restricted amounts to have been spent when expenditures are incurred for purposes for which the restricted fund balance is available. The County has not established a policy for its use of unrestricted fund balance amounts. It considers that committed would be reduced first, followed by assigned amounts, and then unassigned amounts when expenditures are incurred for purposes for which amounts in any of those unrestricted fund balance classifications could be used.

Note (1) Summary Of Accounting Policies (Continued)

Net Position and Fund Equity (Continued)

Detail of the fund balance classifications for the governmental funds is as follows at November 30, 2019:

		Major	<u>Major</u>	Major		
	_	General Fund	County Health	Illinois Municipal Retirement	 Other Funds	 Total
Nonspendable:						
Inventory	\$	-	\$ -	\$ •	\$ 27,640	\$ 27,640
Prepaids		221,721	-	-	-	221,721
Restricted for:						
Retirement		-	-	3,633,096	-	3,633,096
Social Security		-	-	-	1,307,365	1,307,365
Extension services		-	-	-	55,786	55,786
Health and welfare		-	-	-	119,345	119,345
Public safety		-	-	-	78,512	78,512
Highways		-	-	-	3,683,488	3,683,488
Court-related costs		-	-	-	888,703	888,703
Veteran services		-	-	-	252,437	252,437
Information technology		-	-	-	273,541	273,541
Debt service		363,387	-	-	233,656	597,043
Other purposes		, <u>-</u>	-	-	61,214	61,214
Assigned to:					·	,

Courtroom renovation		-	-	-	75,010	75,010
Other purposes		-	-	=	79,284	79,284
Unassigned	_	3,466,378				 3,466,378
Total fund balances	\$_	4,051,486	\$ 2,433,580	\$ 3,633,096	\$ 7,450,923	\$ 17,569,085

Property Taxes

The Supervisor of Assessments prepares the property tax assessment rolls with the property tax liens as of January 1 of each year. Levies are set by individual governmental entities prior to the lien dates set by statute. The collection date for property tax receipts is thirty days after the property tax bills are mailed to taxpayers. The first installment is generally due around June 1 of each year, with the second equal installment due September 1. Property taxes collected are distributed to each taxing district thirty days after receipt. Any unpaid property tax levies are sold at a tax sale and final distribution is made in November of each year.

Property taxes levied in 2018 are reflected as revenues in fiscal year 2019. Amounts not collected by the Collector by November 30, 2019 are either under tax objection or forfeiture. Distributions of these tax objection and forfeiture amounts are recognized as revenue in the year of distribution since collection is uncertain. Property taxes levied in 2019 have been recognized as deferred outflows of resources and deferred inflows of resources as these taxes will be collected and associated for budget purposes to be used in 2019.

Patient Service Revenue

Patient service revenue in the Clayberg Nursing Center Fund is reported at the net realizable amounts from residents, third-party payors, and others for services rendered. Revenue under third-party payor agreements is subject to audit and retroactive adjustment. Provisions for third-party payor settlements are provided in the period the related services are rendered. Differences between the amounts accrued and interim and final settlements are reported in operations in the year of settlement.

Note (1) Summary Of Accounting Policies (Continued)

Budget and Appropriations

The County adopts an annual budget and appropriation ordinance in accordance with Chapter 55 of the Illinois Compiled Statutes. The budget covers the fiscal year ending November 30 and is available for public inspection at least fifteen days prior to final adoption. All appropriations cease with the close of the fiscal year. The budget document is prepared for all budgetary funds on the cash basis and includes a statement of the cash revenues and expenditures of the immediately preceding fiscal year and a projection of the cash revenues and the proposed, itemized appropriations for the ensuing fiscal year.

Once the County budget has been adopted, no further appropriations shall be made during the year except in the event of an immediate emergency at which time the County Board, by a two-thirds vote, may make appropriations in excess of those authorized in the budget. The ultimate level of control is the funds, but is carried down to department and line item. Budgets are not prepared funds when it is not deemed appropriate by the Board. A fiscal year budget has not been prepared for the County Motor Fuel Tax Fund.

Note (2) Cash and Investments

The investment and deposit of County monies is governed by the provisions of the Illinois Compiled Statutes. In accordance with these provisions, all County monies may be invested in one or more of the following:

- a. Interest-bearing savings accounts, interest-bearing certificates of deposit, or interest-bearing time deposits constituting direct obligations of any bank as shall have been selected and designated under the terms of the Statutes and as shall have compiled with the requirements thereof;
- b. Shares or other forms of securities legally issuable by savings and loan associations incorporated under the laws of this state or any other state or under the laws of the United States, provided such shares or securities are insured by the Federal Depository Insurance Corporation;
- Bonds, notes, certificates of indebtedness, treasury bills, or other securities now or hereafter issued, which are guaranteed by the full faith and credit of the United States of America as to principal and interest;
- d. Short-term discount obligations of the Federal National Mortgage Association.

During the year ended November 30, 2019, the County complied with the provisions of these statutes pertaining to the types of investments held and institutions in which deposits were made.

Custodial Credit Risk

For deposits and investments, custodial credit risk is the risk that, in the event of the failure of the bank or counterparty, the County will not be able to recover the value of its deposits, investments, or collateral securities that are in the possession of an outside party. The County and the component unit require deposits in excess of the federally insured amount to be collateralized in an amount equal to 102 percent of the market value of the obligations pledged. The County's formal investment policy states that all investment securities purchased by the County shall be held in safekeeping by an independent third party depository.

- At November 30, 2019, the carrying amount of the primary County's (primary government) deposits, which consisted of cash in checking accounts, savings accounts, and certificates of deposit, was \$18,777,837. The bank balance of these accounts at November 30, 2019 was \$20,495,707 of which all was covered by federal depository insurance or by collateral held by the County's agent in the County's name.
- At November 30, 2019, the carrying amount of the Emergency Telephone System Board's (component unit) deposits, which consisted of cash in a checking account and a certificate of deposit, was \$1,497,651. The bank balance of these accounts at November 30, 2019 was \$1,497,651, of which all was covered by federal depository insurance or by collateral held by the County's agent in the County's name.

Note (2) Cash and Investments (Continued)

Interest Rate Risk

The County does have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates. It requires that all securities have a maturity of less than five years, unless matched with a specific cash flow. All of the County's certificates of deposit have maturity dates of two years or less.

Note (3) Receivables

Accounts receivable as of year-end for the County's individual major funds and nonmajor funds in the aggregate, including applicable allowances for uncollectible accounts, are as follows:

	Clayberg Nursing Center					
Private pay due from residents Other	\$	326,124				
Total	\$	326,124				

Due from other governments as of year-end for the County's individual major funds and nonmajor funds in the aggregate are as follows:

	_	General		County Health		Illinois Municipal Retirement	 Nonmajor Funds	. <u>-</u>	Clayberg Nursing Center	· <u>-</u>	Total
Sales taxes	\$	312,899	\$	-	\$	-	\$	\$	-	\$	312,899

Total	\$_	769,004	\$	599,378	\$	2,353	\$ 550,038	\$ _	604,722	\$_	2,525,495

Note (4) Balance Due to/from Other Funds

The primary purpose for the interfund balance is short-term loans and amounts due to other funds for expenditures made on their behalf. The interfund receivable and payable balances at November 30, 2019 are as follows:

Receivable Fund	Payable Fund	_	Amount
General Fund	Nonmajor Enterprise Fund	\$	860
General Fund	Agency Funds		55,975
Other nonmajor governmental funds	General Fund		17,504
Other nonmajor governmental funds	Agency Funds		17,374
Agency Fund	General Fund		3,393

Note (5) <u>Capital Assets</u>

Capital asset activity for the County's governmental activities for the year ended November 30, 2019 was as follows:

	_	Balance November 30, 2018		Additions		Deductions		Balance November 30, 2019
Capital assets, non-depreciable:

Note (6) Long-term Liabilities

Below is a summary of long-term liabilities for the year ended November 30, 2019:

	Balance November 30, 2018		Increases		Decreases		Balance November 30, 2019
Governmental activities:				•		•	
Compensated absences	\$ 442,258	\$	457,897	\$	(442,258)	\$	457,897
Debt certificate - Dome Repair	115,000		-		(35,000)		80,000
Debt certificate - Roof Repair	285,000		-		(25,000)		260,000
Accounting software	46,773		-		(23,386)		23,387
John Deere excavator	169,700		-		(31,545)		138,155
Freightliner			140,000		(44,499)	_	95,501
Total governmental activities	\$ 1,058,731	\$	597,897	\$	(601,688)	\$	1,054,940
Business-type activities:							
Compensated absences	\$ 146,062	\$	137,892	\$	(146,062)	\$	137,892
General Obligation Bonds	950,000				(40,000)		910,000
Total business-type activities	\$ 1,096,062	\$	137,892	. \$.	(186,062)	\$	1,047,892

The liability for compensated absences for governmental and business-type activities is liquidated by the funds from which the related employee's salary is normally paid.

The dome repair debt certificate was obtained August 1, 2014 to fund repair work to the building dome. Annual payments range from \$30,000 to \$40,000 over the next seven years with the final payment due December 1, 2021. Interest rate was 3.50% until 2017 when it increased to 4.00%.

Note (6) <u>Long-term Liabilities</u> (Continued)

The roof repair debt certificate was obtained November 14, 2017 to fund repair work to the courthouse roof. Annual payments range from \$15,000 to \$40,000 over the next ten years with the final payment due December 1, 2027. Interest rate is 4.00% until 2020 when it will increase to 4.50%.

The County entered into a contract payable in June 2018 for the purpose of purchasing a new accounting software. The contract is due in July 2020 and is collateralized by the related software that was purchased. The agreement requires annual payments of \$25,244 at 5.25% interest rate. The cost and accumulated depreciation of the capital assets is \$56,773 and \$17,032, respectively, at November 30, 2019.

The County entered into an equipment contract payable in June 2018 for the purpose of purchasing a new excavator. The contract is due in July 2023 and is collateralized by the related equipment that was purchased. The agreement requires annual payments of \$36,435 at 3.75% interest rate. The cost and accumulated depreciation of the capital assets is \$169,700 and \$24,041, respectively, at November 30, 2019.

The County entered into an equipment contract payable in November 2018 for the purpose of purchasing a new freightliner. The contract is due in November 2020 and is collateralized by the related freightliner that was purchased. The agreement requires annual payments of \$51,211 at 4.794% interest rate. The cost and accumulated depreciation of the capital assets is \$140,000 and \$3,333, respectively, at November 30, 2019.

The General Obligation Bonds (Bonds) were obtained November 30, 2016 to fund capital improvements to the Clayberg Nursing Center and pay costs associated with the issuance of the Bonds. Annual payments range from \$70,000 to \$270,000 over the next nineteen years with the final payment due December 1, 2036. The interest rate on the Bonds range from 2.25% to 4.50%.

The following is a schedule of debt service requirements for the years ended November 30:

		Principal	Interest	Total
2020	\$ -	102,717	\$ 36,398	\$ 139,115
2021		187,762	55,127	242,889
2022		145,137	47,411	192,548
2023		106,426	43,071	149,497
2024		75,000	40,756	115,756
Thereafter	_	890,000	 245,375	1,135,375
	\$_	1,507,042	\$ 468,138	\$ 1,975,180

Note (7) Legal Debt Margin

The legal debt margin at November 30, 2019 is calculated as follows:

Equalized Assessed Valuation – 2019 Tax Extension	\$	512,629,876
Statutory Debt Limitation (2.875% Valuation) Minus Applicable Debt	\$ _	14,738,109 (1,250,000)
Legal Debt Margin	\$	13,488,109

Note (8) Transfers to/from Other Funds

Interfund transfers are made primarily for reimbursement of eligible expenditures and to supplement other funds resources. Transfers to/from other funds during the year ended November 30, 2019 were as follows:

Transfer Out	Transfer In	Amount
Other nonmajor governmental funds	General Fund	\$ 1,745
Illinois Municipal Retirement Fund	Clayberg Nursing Center Fund	141,119
Other nonmajor governmental funds	Clayberg Nursing Center Fund	150,485
Internal Service Funds	Clayberg Nursing Center Fund	113,976

Note (9) Other Required Disclosures

Generally accepted accounting principles require disclosure, as part of the basic financial statements, of certain information concerning individual funds including:

Excess of expenditures over appropriations in individual funds

The following fund had an excess of expenditures over appropriations for the year ended November 30, 2019:

	Appropriations	<u>Expenditures</u>
Courthouse Security Fund	\$ 40,000	\$ 48,701

Deficit fund balances of individual funds

At November 30, 2019, there were no funds with a deficit fund balance.

Note (10) Risk Management

The County is exposed to various risks related to torts; theft, damage to and destruction of assets; errors and omission; medical claims of its employees and their dependents; and natural disasters. The County purchases commercial insurance for all risks of loss. Claims expenditures and liabilities are reported when it is probable that a loss has occurred and the amount of that loss can be reasonably estimated.

Note (11) Operating Leases

The County has entered into a lease agreement for land that is used for the camping and recreation area of the County. The term of the lease is 39 years, beginning on January 1, 2016, and ending on December 31, 2054. The County must pay the lessor \$10 annually. Additionally, the County must pay the lessor 25 percent of the net revenues generated by the County's use of or activities on the land being leased, less the amortized expense of any improvements that the County makes to the land and less the expenses incurred by the County to maintain and operate the land. The additional amount is due annually after the County's fiscal year. Total rent expense for year ended November 30, 2019 was \$-0-.

Note (12) Defined Benefit Pension Plan

Plan Description

The County's defined benefit pension plan for regular employees provides retirement and disability benefits, post-retirement increases, and death benefits to plan members and beneficiaries. The County's plan is managed by the Illinois Municipal Retirement Fund (IMRF), the administrator of a multi-employer public pension fund. A summary of IMRF's pension benefits is provided in the "Benefits Provided" section of this document. Details of all benefits are available from IMRF. Benefit provisions are established by statute and may only be changed by the General Assembly of the State of Illinois. IMRF issues a publicly available Comprehensive Annual Financial Report that includes financial statements, detailed information about the pension plan's fiduciary net position, and required supplementary information. The report is available for download at www.imrf.org.

Benefits Provided

IMRF has three benefit plans. The vast majority of IMRF members participate in the Regular Plan (RP). The Sheriff's Law Enforcement Personnel (SLEP) plan is for sheriffs, deputy sheriffs, and selected police chiefs. Counties could adopt the Elected County Official (ECO) plan for officials elected prior to August 8, 2011 (the ECO plan was closed to new participants after that date).

All three IMRF benefit plans have two tiers. Employees hired before January 1, 2011, are eligible for Tier 1 benefits. Tier 1 employees are vested for pension benefits when they have at least eight years of qualifying service credit. Tier 1 employees who retire at age 55 (at reduced benefits) or after age 60 (at full benefits) with eight years of service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1-2/3% of the final rate of earnings for the first 15 years of service credit, plus 2% for each year of service credit after 15 years to a maximum of 75% of their final rate of earnings. Final rate of earnings is the highest total earnings during any consecutive 48 months within the last 10 years of service, divided by 48. Under Tier 1, the pension is increased by 3% of the original amount on January 1 every year after retirement.

Employees hired on or after January 1, 2011, are eligible for Tier 2 benefits. For Tier 2 employees, pension benefits vest after ten years of service. Participating employees who retire at age 62 (at reduced benefits) or after age 67 (at full benefits) with ten years of service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1-2/3% of the final rate of earnings for the first 15 years of service credit, plus 2% for each year of service credit after 15 years to a maximum of 75% of their final rate of earnings. Final rate of earnings is the highest total earnings during any 96 consecutive months within the last 10 years of service, divided by 96. Under Tier 2, the pension is increased on January 1 every year after retirement, upon reaching age 67, by the lesser of:

- 3% of the original pension amount, or
- 1/2 of the increase in the Consumer Price Index of the original pension amount.

Employees Covered by Benefit Terms

As of December 31, 2018, the following employees were covered by the benefit terms:

	Regular Plan	SLEP Plan	Plan
Retirees and Beneficiaries receiving benefits	222	27	6
Inactive Plan Members entitled to but not			
yet receiving benefits	142	4	-
Active Plan Members	181	21_	3
	545	52	9

Contributions

As set by statute, the County's Regular, SLEP, and ECO plan members are required to contribute 4.50%, 7.50%, and 7.50%, respectively, of their annual covered salary. The statute requires employers to contribute the amount necessary, in addition to member contributions, to finance the retirement coverage of its own employees. The County's annual contribution rates for calendar year 2018 were 9.98%, 24.46%, and 70.83% of payroll, respectively, for Regular, SLEP and ECO plans. For the fiscal year ended 2019, the County contributed \$495,682, \$305,992, and \$120,604, respectively, for the Regular, SLEP and ECO plans. The County also contributes for disability benefits, death benefits, and supplemental retirement benefits, all of which are pooled at the IMRF level. Contribution rates for disability and death benefits are set by IMRF's Board of Trustees, while the supplemental retirement benefits rate is set by statute.

Net Pension Liability

The County's net pension liability was measured as of December 31, 2018. The total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date.

Actuarial Assumptions

The following are the methods and assumptions used to determine total pension liability at December 31, 2018:

- The Actuarial Cost Method used was Entry Age Normal.
- The Asset Valuation Method used was Market Value of Assets.
- The Inflation Rate was assumed to be 2.50%.
- Salary Increases were expected to be 3.39% to 14.25%, including inflation.
- The Investment Rate of Return was assumed to be 7.25%.
- Projected Retirement Age was from the Experience-based Table of Rates, specific to the type of
 eligibility condition, last updated for the 2017 valuation according to an experience study from
 years 2014 to 2016.
- The IMRF-specific rates for Mortality (for non-disabled retirees) were developed from the RP-2014
 Blue Collar Health Annuitant Mortality Table with adjustments to match current IMRF experience.
- For Disabled Retirees, an IMRF-specific mortality table was used with fully generational projection scale MP-2017 (base year 2015). The IMRF-specific rates were developed from the RP-2014 Disabled Retirees Mortality Table, applying the same adjustments that were applied for nondisabled lives.
- For Active Members, an IMRF-specific mortality table was used with fully generational projection scale MP-2017 (base year 2015). The IMRF-specific rates were developed from the RP-2014 Employee Mortality Table with adjustments to match current IMRF experience.
- The long-term expected rate of return on pension plan investments was determined using a buildingblock method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense, and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return to the target asset allocation percentage and adding expected inflation. The target allocation and best estimates of geometric real rates of return for each major asset class are summarized in the following table:

		Long-Term
	Portfolio	Expected
	Target	Real Rate
	Percentage	of Return
Domestic Equity	37%	7.15%
International Equity	18%	7.25%
Fixed Income	28%	3.75%
Real Estate	9%	6.25%
Alternative Investments	7%	3.20-8.50%
Cash Equivalents	1%_	2.50%
Total	100%	

Single Discount Rate

A Single Discount Rate of 7.25% was used to measure the total pension liability. The projection of cash flow used to determine this Single Discount Rate assumed that the plan members' contributions will be made at the current contribution rate, and that employer contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. The Single Discount Rate reflects:

- 1. The long-term expected rate of return on pension plan investments (during the period in which the fiduciary net position is projected to be sufficient to pay benefits), and
- 2. The tax-exempt municipal bond rate based on an index of 20-year general obligation bonds with an average AA credit rating (which is published by the Federal Reserve) as of the measurement date (to the extent that the contributions for use with the long-term expected rate of return are not met).

For the purpose of the most recent valuation, the expected rate of return on plan investments is 7.25%, the municipal bond rate is 3.71%, and the resulting single discount rate is 7.25% for each plan.

Changes in the Net Pension Liability

The combined changes in the net pension liability for the Regular, SLEP, and ECO plan is:

		Total Pension Liability (A)		Plan Fiduciary Net Position (B)		Net Pension Liability (A) – (B)
Balances at December 31, 2017	\$	58,167,013	\$	56,989,853	\$	1,177,160
Changes for the year:

Net Pension Liability/(Asset)	\$	9,667,972	\$	4,750,050	\$	682,388

The following presents the SLEP plan's net pension liability, calculated using a Single Discount Rate of 7.25%, as well as what the plan's net pension liability would be if it were calculated using a Single Discount Rate that is 1% lower or 1% higher:

	1% Lower	Current Discount		1% Higher
	(6.25%)	(7.25%)	_	(8.25%)
Total Pension Liability	\$ 15,907,822	\$ 14,005,817	\$	12,451,576
Plan Fiduciary Net Position	10,489,872	10,489,872		10,489,872
Net Pension Liability/(Asset)	\$ 5,417,950	\$ 3,515,945	\$	1,961,704

The following presents the ECO plan's net pension liability, calculated using a Single Discount Rate of 7.25%, as well as what the plan's net pension liability would be if it were calculated using a Single Discount Rate that is 1% lower or 1% higher:

		1% Lower		Current Discount	1% Higher
		(6.25%)		(7.25%)	 (8.25%)
Total Pension Liability	\$ _	7,159,773	\$	6,449,891	\$ 5,849,102
Plan Fiduciary Net Position		4,882,346	_	4,882,346	 4,882,346
Net Pension Liability/(Asset)	\$	2,277,427	\$	1,567,545	\$ 966,756

Note (13) Pension Expense, Deferred Outflows of Resources, and Deferred Inflows of Resources Related to Pensions

For the year ended November 30, 2019, the County recognized pension expense of \$168,563. At November 30, 2019, the County reported deferred outflows or resources and deferred inflows of resources related to pensions from the following sources:

Deferred Amounts Related to Pensions		Net Deferred Outflows of Resources	Net Deferred Inflows of Resources
Deferred Amounts to be Recognized in Pension	_		
Expense in Future Periods			
Differences between expected and actual experience	\$	376,100	\$ -
Changes of assumptions		586,182	-
Net difference between projected and actual earnings on pension plan investments		3,933,936	
Total deferred amounts to be recognized in pension expense in future periods	\$	4,896,218	\$
Pension contributions made subsequent to measurement date	\$	835,440	\$
Total Deferred Amounts Related to Pensions	\$	5,731,658	\$ •

Amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense in future periods as follows:

Year Ending December 31		Net Deferred Inflows of Resources
2019	\$	1,469,007
2020		1,067,666
2021		620,906
2022		1,566,940
2023		1,007,139
Thereafter		<u> </u>
	\$	5,731,658

Note (14) Postemployment Benefits Other Than Pensions (OPEB)

Plan Description

In addition to the pension benefits described in Note (13), the County provides healthcare insurance for certain retired employees. All employees who meet the IMRF retirement eligibility requirements and qualified for health insurance benefits prior to retirement may participate in the healthcare insurance program, which covers both active and retired members. The plan does not issue a separate report. The activity of the plan is reported in the County's governmental activities.

Benefits Provided

The County Board determines the benefits to be provided and contribution requirements. The County pays 67 to 72 percent of the employees' monthly premiums. The County currently funds these benefits on a pay-as-you-go basis and has not established a separate trust fund. Retiree health coverage is implicitly more expensive than active health coverage. This higher cost of coverage creates a liability assigned to the County.

Employees Covered by Benefit Terms

As of November 30, 2019 the following employees were covered by the benefit terms:

Active employees	194
Retired plan members	110
	304

Total OPEB Liability

The County's total OPEB liability of \$25,799,549 was measured as of November 30, 2019. The total OPEB liability used to calculate the net OPEB liability was determined by an actuarial valuation as of December 1, 2018.

Actuarial Assumptions

The following are the methods and assumptions used to determine total OPEB liability at November 30, 2019:

- Discount Rate used was 2.77%.
- Salary Increases were expected to be 2.50%, including inflation.
- Healthcare cost trend rates of Medical of 6.75% for 2019, decreasing 0.5% to an ultimate rate of 5.00% for 2027 and later years and Dental and Vision and Medicare Part D/Plan G of 3.00%.

The RP-2014 Blue Collar table with fully generational improvement using MP-2016 Mortality Improvement Scale was used for pre-retirement mortality rates. The RP-2014 Blue Collar table with fully generational improvement using MP-2014 Mortality Improvement Scale was used for post-retirement mortality rates. All other demographic assumptions are based on the December 31, 2017 Actuarial Valuation Report for the Illinois Municipal Retirement Fund.

Note (14) Postemployment Benefits Other Than Pensions (OPEB) (Continued)

Changes in the Net OPEB Liability

•		Total OPEB Liability (A)		Plan Fiduciary Net Position (B)		Net OPEB Liability (A) - (B)

Total deferred amounts to be recognized in OPEB			
expense in future periods	\$ 4,868,958	\$	3,481,829
Contributions subsequent to measurement date	\$ -	\$	<u> </u>
Total Deferred Amounts Related to OPEB	\$ 4,868,958	\$	3,481,829

Amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense in future periods as follows:

Year Ending November 30		Net Deferred Outflows of Resources
2020	\$ ⁻	228,690
2021		228,690
2022		228,690
2023		228,690
2024		228,690
Thereafter	-	243,679
	\$	1,387,129

Note (15) Subsequent Events

Subsequent events have been evaluated through June 12, 2020, which is the date the financial statements were available to be issued. County officials are currently evaluating the impact of the COVID-19 pandemic and has concluded that while it will have a negative effect on the County's financial position and results of its activities, the specific impact is not readily determinable as of the date of these financial statements. The financial statements do not include any adjustments that might result from the outcome of this uncertainty.

FULTON COUNTY, ILLINOIS

SCHEDULE OF EMPLOYER CONTRIBUTIONS - DEFINED BENEFIT RETIREMENT PLANS

NOVEMBER 30, 2019

(Unaudited - See Accompanying Independent Auditors' Report)

NOTES TO SCHEDULE OF CONTRIBUTIONS:

SUMMARY OF ACTUARIAL METHODS AND ASSUMPTIONS USED IN THE CALCULATION OF THE 2018 CONTRIBUTION RATE*

Valuation Date:

Notes Actuarially determined contribution rates are calculated as of

December 31 each year, which are 12 months prior to the beginning

of the fiscal year in which contributions are reported.

Methods and Assumptions used to determine 2018 Contribution Rates:

Actuarial Cost Method Aggregate Entry Age Normal
Amortization Method Level Percentage of Payroll, Closed
Remaining Amortization Period Non-Taxing bodies: 10-year rolling period

Taxing bodies (Regular, SLEP and ECO groups): 25-year closed period

Early Retirement Incentive Plan liabilities: a period up to 10 years selected by the Employer upon adoption of ERI. SLEP supplemental liabilities attributable to Public Act 94-712 were financed over 20 years for most employers (three employers were

financed over 29 years).

Asset Valuation Method 5-year smoothed market; 20% corridor

Wage Growth 3.50% Price Inflation 2.75%

Salary Increases 3.75% to 14.50%, including inflation

Investment Rate of Return 7.50%

Retirement Age Experience-based table of rates that are specific to the type of eligibility condition.

Last updated for the 2014 valuation pursuant to an experience study of the

period 2011 to 2013.

Mortality For non-disabled retirees, an IMRF specific mortality table was used with fully

generational projection scale MP-2014 (base year 2012). The IMRF specific rates were developed from the RP-2014 Blue Collar Health Annuitant Mortality Table with adjustments to match current IMRF experience. For disabled retirees, an IMRF specific mortality table was used with fully generational projection scale MP-2014 (base year 2012). The IMRF specific rates were developed from the RP-2014 Disabled Retirees Mortality Table applying the same adjustment that were applied for non-disabled lives. For active members, an IMRF specific mortality table was used with fully generational projection scale MP-2014 (base year 2012). The IMRF specific rates were developed from the RP-2014 Employee Mortality Table with

adjustments to match current IMRF experience.

Other Information:

Notes There were no benefit changes during the year.

^{*} Based on Valuation Assumptions used in the December 31, 2016, actuarial valuation

Schedule "8"

FULTON COUNTY, ILLINOIS

NOTE TO BUDGETARY COMPARISON SCHEDULES – MAJOR GOVERNMENTAL FUNDS

YEAR ENDED NOVEMBER 30, 2019

(Unaudited - See Accompanying Independent Auditor's Report)

Note (1) Basis of Accounting

Fulton County, Illinois' budget is prepared on the cash basis for all budget funds, including the major funds. The budgetary comparison schedules present comparisons of the budget data on the cash basis with actual data on the cash basis. Because accounting principles applied for purposes of developing data on a budgetary basis differ from those used to present basic financial statements in conformity with generally accepted accounting principles (GAAP), a reconciliation of resultant basis and timing differences in the net change in fund balance for the year ended November 30, 2019 is presented on each budgetary comparison schedule in the line item titled "Reconciliation to modified accrual basis".

Schedule "11" (Page 1 of 3)

FULTON COUNTY, ILLINOIS

NONMAJOR SPECIAL REVENUE FUNDS FUND DESCRIPTIONS

NOVEMBER 30, 2019

<u>County Highway Fund</u> – Accounts for the general operations of the County Highway Department. Financing is principally provided by a specific annual property tax levy for the purposes of improving, maintaining, and repairing the highways for which the County has these responsibilities (highways which the state and County construct, improve, and maintain jointly). In addition to the ad valorem taxes mentioned previously, the County Highway receives revenue from service fees charged to other governmental units, funds or individuals, and reimbursements and matching grants with the state or other units of local government.

<u>County Motor Fuel Tax Fund</u> – Accounts for the operations of the County Highway Department in connection with highway construction and maintenance projects as authorized by the Illinois Department of Transportation. Financing is provided principally by the County's share of the state motor fuel tax.

County Aid to Bridges Fund – Accounts for the operations of the County Highway Department in administering the Illinois Road and Bridge Act. Financing is provided by a specific annual property tax levy and matching grant agreements with the state and the townships within the County. The funds are to be used for bridges, culverts, drainage structures or grade separations, including embankment or trestle work approaches thereto.

<u>Social Security Fund</u> – Accounts for revenues and expenditures of social security contributions made for County employees. Financing is provided by a specific annual property tax levy.

<u>Law Library Fund</u> – Accounts for the operations of the County's law library. Financing is provided by the changing and collecting of a County law library fee by the Circuit Clerk. The facilities of the library are freely available to all licensed Illinois attorneys, judges, and other public officials of the County, and to all members of the public, whenever the courthouse is open.

<u>Veteran's Assistance Fund</u> – Accounts for operations of the County's programs to provide assistance to indigent war veterans. Financing is provided by a specific annual property tax levy.

Mental Health Fund – Accounts for expenditures for personal services of employees administering the department and for contractual services for approved mental health programs. Financing is provided by a specific annual property tax levy.

<u>Mentally Deficient Persons Fund</u> – Accounts for the operations of the County's program with regard to its mentally deficient residents who are not eligible to participate in any such program conducted under Article 14 of the School Code. Financing is provided by a specific annual property tax levy.

<u>Extension Services Fund</u> – Accounts for extension services expenditures from financing provided by a specific annual property tax levy.

Animal Population Control Fund - Accounts for a fee collected when a pet is not spayed or neutered.

Indemnity Fund – Accounts for a specific element of the County's tax sale proceedings. Revenue in this fund is derived principally from a fee charged in connection with the purchase of all parcels in the annual real estate tax sale held by the County Collector resulting from unpaid property taxes. All fees received by the County Collector are paid to the County Treasurer by property owners, who without fault or negligence of their own, sustain loss or damage by reason of the issuance of the tax deed.

<u>Court Automation Fund</u> – Accounts for an automation record keeping system for the Circuit Clerk's office. Revenue in this fund is derived from the imposition of a court fee which is paid on all cases filed in the County.

<u>Recorder's Automation Fund</u> – Accounts for a computerized document storage system or micrographics system established and maintained by the Fulton County Recorder. Revenue in this fund is derived from the imposition of an additional recorder's automation fee to be paid when filing documents in the Recorder's office.

<u>Probation Services Fund</u> – Accounts for fines collected by the Circuit Clerk's office for certain probation or supervision cases. The funds are to be used for the operation of the Probation Department.

<u>Emergency Medical Fund</u> – Accounts for the County's emergency medical service contract. Funding of the program is provided by a specific annual property tax levy initially authorized by a voter referendum.

<u>Court Document Storage Fund</u> – Accounts for the fees collected by the Circuit Clerk's office to be expended for a court document storage system.

<u>Treasurer's Automation Fund</u> – Accounts for fees collected to be expended for an automated record keeping system for the County Treasurer's office. Revenue in this fund is derived from a fee which is paid on each parcel of property purchased for delinquent taxes.

Maintenance and Child Support Collection Fund – Accounts for the County's administration of collecting and distributing child support payments. The County receives annual fees from persons making child support payments.

<u>Vital Records Fund</u> – Accounts for fees collected by the County Clerk's office for certified copies of vital records. The funds are to be used by the County Clerk for computer equipment and other necessary expenses.

<u>Home Monitoring Fund</u> – Accounts for the monies collected from participants in the Fulton County Home Monitoring Program.

<u>Arrestees' Medical Cost Fund</u> – Accounts for a fee collected by the Circuit Clerk for certain criminal cases processed by this office. The funds are to be used by the County to assist in financing the costs of medical services provided to prisoners.

<u>DUI Equipment Fund</u> — Accounts for proceeds received from certain fines assessed by the courts. Funds shall be used to purchase law enforcement equipment that will assist in the prevention of alcohol related criminal violence.

<u>Courtroom Renovation Fund</u> – Accounts for funds designated for renovating the County courtrooms. Financing is provided by transfers from the County General Fund.

<u>Geographic Information System Fund</u> – Accounts for a fee collected by the County Clerk when documents are filed. These funds will be used for a geographic information system.

<u>Courthouse Security Fund</u> – Accounts for a fee collected by the Circuit Clerk for certain cases processed by this office. The funds are to be used by the County to provide court security.

<u>Circuit Clerk Operation and Administrative Fund</u> – Accounts for a fee collected by the Circuit Clerk for cases processed in this office. The funds are used by the County for costs incurred in providing a disposition of court supervision.

<u>Court Supervision Vehicle Fund</u> – Accounts for a fee collected by the Circuit Clerk for cases processed in this office. Funds are used by the County for costs incurred in providing an arresting officer following a court appearance.

Vehicle Seizure Fund - Accounts for monies collected when seized vehicles are sold.

Sex Offender Management Board Fund – Accounts for fees collected by the Circuit Clerk for initial sex offender registration and an annual renewal fee. Funds are to be deposited into a special account and shall be administered by the Sex Offender Management Board to be used for sex offender evaluation, treatment, monitoring programs, and administrative costs.

<u>Public Transportation Fund</u> – Accounts for the collection of fees and grants associated with the County's operation of a rural public transportation program. The Fund also provides for the operation and administration of the transit program including capital purchases. Funding is derived primarily from state and federal grants.

Sheriff Warrant Fund – Accounts for the arresting agency who brings the offender in on the arrest warrant. \$70 of the \$75 fee will be remitted to arresting agency. \$5 of the fee will be assessed to the Circuit Court Clerk Operation and Administrative Fund.

<u>Drug Court Fund</u> – Accounts for the operation and administration of the drug court. 95 percent of the funds are to be placed in the County General Fund and used to finance the court system in the County. 5 percent of the funds are to be placed in the Circuit Clerk Operation and Administrative Fund.

<u>Electronic Citation Fund</u> – Accounts for fees collected by the Circuit Clerk's office for which funds are used to defray the expenses associated with establishing, maintaining, and supporting the issuance of electronic citations.

Zoning Mitigation Fund – Accounts for revenues collected for the purpose of rehabilitating County Highway 6.

<u>State's Attorney Automation Fund</u> – Accounts for fines collected by the State's Attorney's office. The funds are to be used to maintain automated record keeping systems in the State's Attorney's Office.

<u>Federal Aid Matching Fund</u> – Accounts for the operations of the County Highway Department for constructing and maintaining highways on the Federal Aid Secondary and County Highway System and engineering and right-of-way costs. Funding is provided by a specific annual property tax levy.

Coroner's Automation Fund – Accounts for fees collected by the coroner for transcripts, autopsy reports, toxicology reports, pictures, artist's drawings, and other miscellaneous reports. Funds are to be deposited into a special account and shall be used for the payment of the expenses of the coroner's office.

<u>Cannabis Fine Fund</u> – Accounts for a fee collected by the circuit clerk when an individual has been convicted of the civil penalty of possession of cannabis.

Zoning Vehicle Fund – Accounts for revenues collected for the purpose of purchasing a vehicle for use by the Zoning Director. 5.5% of each building permit fee issued by the Zoning Department is to be deposited in this fund.

<u>Circuit Clerk E-Citation Fund</u> – Accounts for fees collected by the Circuit Clerk's office for which funds are used to defray the expenses associated with establishing and maintaining electronic citations in the Circuit Clerk office.

<u>Public Defender Records Automation Fund</u> – Accounts for fees collected by the Circuit Clerk's office for which funds are used to defray the expenses associated with establishing and maintaining automated record keeping systems in the offices of the Public Defender.

<u>Children's Advocacy Fund</u> – Accounts for a fee collected by the Circuit Clerk's office to be used for the operation and administration of a Children's Advocacy Center.

Schedule "14"

FULTON COUNTY, ILLINOIS

PRIVATE PURPOSE TRUST FUNDS FUND DESCRIPTIONS

NOVEMBER 30, 2019

Township Motor Fuel Tax Fund - Accounts for the County's stewardship of the assets held in trust for the benefit of the township road districts. Financing is provided by the township's allocation of the state motor fuel taxes and interest of invested funds.

Township Bridge Program Fund – Accounts for the County's stewardship of the assets held in trust in connection with the Township Bridge Program. The fund receives payment from the state and townships under matching agreements and administers the program as the trustee for both the state and townships.

Schedule "15"

FULTON COUNTY, ILLINOIS

FUND DESCRIPTIONS

NOVEMBER 30, 2019

<u>Unemployment Compensation Fund</u> – Accounts for expenditures for the County's unemployment compensation insurance. Funding is provided by a specific annual property tax levy.

<u>Liability Insurance Fund</u> – Accounts for expenditures for the County's liability insurance. Funding is provided by a specific annual property tax levy.

<u>Health Insurance Fund</u> – Accounts for funds in the health insurance plan. Receipts are to be from employee withholdings and the County's matching contribution. The funds are to be used to pay insurance premiums.

FULTON COUNTY, ILLINOIS

AGENCY FUNDS FUND DESCRIPTIONS

NOVEMBER 30, 2019

The County maintains a variety of agency funds. Generally, agency funds are merely clearing accounts. At any given point in time, total agency fund assets are equally offset by related liabilities including amounts due to the parties for whom the assets are being held (taxing bodies, for instance). Agency funds have no net position and do not involve measurement of revenues, expenditures, or expenses.

FEDERAL FINANCIAL ASSISTANCE

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Chairman and Members of the Fulton County Board Fulton County, Illinois

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of Fulton County, Illinois (County) as of and for the year ended November 30, 2019, and the related notes to the financial statements, which collectively comprise Fulton County, Illinois' basic financial statements and have issued our report thereon dated June 12, 2020.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Fulton County, Illinois' internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Fulton County, Illinois' internal control. Accordingly, we do not express an opinion on the effectiveness of the County's internal control.

Our consideration of internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. However, as described in the accompanying schedule of findings and questioned costs, we identified certain deficiencies in internal control that we consider to be material weaknesses.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the County's financial statements will not be prevented or detected and corrected on a timely basis. We consider the deficiency described in Finding 2019-001 in the accompanying schedule of findings and questioned costs to be a material weakness.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Fulton County, Illinois' financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Fulton County, Illinois' Responses to Finding

Fulton County, Illinois' response to the finding identified in our audit is described in the accompanying schedule of findings and questioned costs. Fulton County, Illinois' response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the County's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the County's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

Chairman and Members of the Fulton County Board Fulton County, Illinois

Report on Compliance for Each Major Federal Program

We have audited Fulton County, Illinois' compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of Fulton County, Illinois' major federal programs for the year ended November 30, 2019. Fulton County, Illinois' major federal programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal programs.

Auditors' Responsibility

Our responsibility is to express an opinion on compliance for each of Fulton County, Illinois' major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Fulton County, Illinois' compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of Fulton County, Illinois' compliance.

Opinion on Each Major Federal Program

In our opinion, Fulton County, Illinois complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended November 30, 2019.

Other Matters

The results of our auditing procedures disclosed instances of noncompliance, which are required to be reported in accordance with Uniform Guidance and which are described in the accompanying schedule of findings and questioned costs as Finding 2019-001. Our opinion on each major federal program is not modified with respect to these matters.

Fulton County, Illinois' response to the noncompliance finding identified in our audit is described in the accompanying schedule of findings and questioned costs. Fulton County, Illinois' response was not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

Report on Internal Control Over Compliance

Management of Fulton County, Illinois is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered Fulton County, Illinois' internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Fulton County, Illinois' internal control over compliance.

Our consideration of internal control over compliance was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. However, as discussed below, we identified certain deficiencies in internal control over compliance that we consider to be material weaknesses.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance. We consider the deficiency in internal control over compliance described in the accompanying schedule of findings and questioned costs as Finding 2019-001 to be a material weakness.

Fulton County, Illinois' response to the internal control over compliance findings identified in our audit is described in the accompanying schedule of findings and questioned costs. Fulton County, Illinois' response was not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Schedule "62"

FULTON COUNTY, ILLINOIS NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS YEAR ENDED NOVEMBER 30, 2019

Note (1) Summary of Significant Accounting Policies

Basis of Presentation

The accompanying Schedule of Expenditures of Federal Awards includes the federal grant activity of Fulton County, Illinois and is presented on the accrual basis of accounting. The information in this schedule is presented in accordance with the requirements of the Uniform Guidance. Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of, the basic financial statements.

Note (2) Noncash Food Instruments

The County participates in the Supplemental Food Program for Women, Infants and Children (CFDA #10.557) and issues food instruments to eligible participants. The food instruments can be exchanged for authorized supplemental foods at retail stores. The State of Illinois processes and tracks the food instruments redeemed. The federal portion of food instruments distributed by Fulton County and redeemed during the period July 1, 2018 to June 30, 2019 was \$238,360 and is reported in the Schedule of Expenditures of Federal Awards. Information is not available from the State of Illinois to report this information on the County's fiscal year.

Note (3) Federal Insurance and Loans

Fulton County, Illinois did not have any federal insurance or loans in effect during the year ended November 30, 2019.

Note (4) Indirect Cost Rate

Fulton County, Illinois has elected to use the 10% de minimis indirect cost rate for the year ended November 30, 2019.

Schedule "63" (Page 1 of 2)

Auditee qualified as a low-risk auditee?	Yes	XNo

Schedule "63" (Page 2 of 2)

II. Findings Relating To The Financial Statement Audit That Are Required To Be Reported In Accordance With Generally Accepted Government Auditing Standards

MATERIAL WEAKNESSES

Finding 2019-001 - Segregation of Duties

Condition:

The County departments are comprised of a limited number of employees. The limited number of employees allows for a lack of segregation of duties over accounting transactions.

Criteria:

Accounting duties of authorization, recording, and custodian should be segregated between employees to prevent financial misstatements and the opportunity for fraudulent behavior.

Effect:

With a limited number of employees and a lack of segregation of duties, the County is at a higher risk for errors or misappropriations.

Cause:

The County departments are comprised of a limited number of employees.

Recommendation:

When a lack of segregation of duties exists, management's and the County Board's close supervision and review of accounting information are the best means of preventing or detecting errors and irregularities.

Views of responsible officials and planned corrective action:

To the extent possible, monitoring of monthly financial results and compliance information will continue in the County Courthouse offices and the County Health Department.

Responsible Parties:

Patrick O'Brian, Fulton County Board Chairman Staci Mayall, County Treasurer Jennifer Bankert, County Clerk

III. Federal Award Findings and Questioned Costs

MATERIAL WEAKNESSES

Finding 2019-001 - Segregation of Duties

See Section II - Financial Statement Findings

Federal Agency Program:

All federal programs are affected.

Questioned costs: None

Schedule "64"

FULTON COUNTY, ILLINOIS SUMMARY SCHEDULE OF PRIOR AUDIT FINDINGS YEAR ENDED NOVEMBER 30, 2019

Finding 2018-001 - Segregation of Duties

This condition continues to exist due to a limited number of accounting personnel. The County does monitor monthly financial results. This finding has been repeated in the current year as finding 2019-001.

Schedule "65"

FULTON COUNTY, ILLINOIS CORRECTIVE ACTION PLAN YEAR ENDED NOVEMBER 30, 2019

The findings from the November 30, 2019, Schedule of Findings and Questioned Costs – Major Federal Award Program are discussed below. The findings are numbered with the numbers assigned in the schedule.

FEDERAL AWARD PROGRAM AUDIT FINDINGS

MATERIAL WEAKNESSES

Finding 2019-001 - Segregation of Duties

Corrective Action Plan:

To the extent possible, monitoring of monthly financial results and compliance information will continue in the County Courthouse offices and the County Health Department.

Anticipated Completion Date:

The County is not in a financial position to hire additional employees. The increased monitoring has already begun.

Responsible Parties:

Patrick O'Brian, Fulton County Board Chairman 100 North Main Street Lewistown, Illinois 61542 (309)547-3041

Staci Mayall, County Treasurer 100 North Main Street Lewistown, Illinois 61542 (309)547-3041

Jennifer Bankert, County Clerk 100 North Main Street Lewistown, Illinois 61542 (309)547-3041
