Child Support:

The Circuit Clerk’s Office is responsible for the long-term recording of child support payments collected and disbursed through the Clerk’s Office as well as payments made through the State Disbursement Unit.

Effective October 1, 1999, federal legislation changed the way Child Support was handled in the State of Illinois. Illinois Child Support is paid through the State Disbursement Unit (SDU) in Carol Stream, Illinois. This change was designed to centralize the collection and distribution of Child Support.
